

Indrajit Vijayakumar

Undergraduate pursuing BE CSE

I am a highly creative, enthusiastic person who can come up with extraordinary solutions for complex problems. I can efficiently lead any team in completing various tasks within the scheduled time. Currently pursuing BE Computer Science and Engineering at PSG Tech, Coimbatore. Extremely interested in full-stack web development, Machine Learning and composing my own songs.

BE CSE

PSG College of Technology

08/2018 - Present

Coimbatore

Higher Secondary

GRD Matric Hr Secondary School

06/2016 - 04/2018

Coimbatore

PROJECTS

Armamentum (10/2020 - Present)

- Armamentum is a **custom new tab page** developed using ReactJS, NodeJS, and FaunaDB. Makes extensive use of various APIs. Hosted using GitHub pages and Heroku.

Exordium (07/2020 - 08/2020)

- Exordium is a **mobile application** for GRD Memorial Library developed using Flutter. It is designed with an aim to describe the various resources and opportunities available at this library.
- Created mock designs and was the **lead front-end developer** for this project.

Portfolio website (06/2020 - 07/2020)

- Created a **responsive portfolio website** for myself using ReactJS. Hosted using GitHub Pages.

Axel (03/2020 - 06/2020)

- Axel is a **web app to connect startups and mentors**. It is a platform where startups and mentors can connect seamlessly, startups can get insights from highly experienced people in the industry and mentors can fulfill their passion to guide startups.
- Created mock designs and was the **lead front-end developer** for this project.

Elucida (07/2019 - 08/2019)

- Elucida is a **mobile application** developed using Java that brings up a prioritized list of all nearby hospitals based on a user's location and also contains medical information and emergency contacts of users all of which can be helpful in case of an emergency.
